It also gives the students chances to practice using targets vocabulary from the Academic Word List (AWL) level 5-8. The topics in this course include literacy, sociology, pedagogy, and many more. Along the course, students are involved in various activities designed to help them practice and improve their critical reading skills, including: responding to upper-intermediate academic texts by having individual presentation, group and class discussion, and composing summaries of written academic texts. All teaching-learning activities are conducted through lecturing, discussion, and question-answer. |                       |                  |                  |                                                                                        |                    |   |                                  |                            |    |                        |    |      |           |    |  |  |  |  |  |  |  |  |  |  |  |  |  |  |   |   |   |   |   |   |   |   |   |    |    |    |    |    |    |    |
